HUJ.

Copy of letter No.F.52-88/34-H, dated Simla, the 13th August 1934, from the Offg. Deputy Secretary to the Government of India, Department of Education, Health and Lands, to all Local Governments and Administrations.

Procedure to be followed by local bodies in India for obtaining information from His Majesty's Government in Great Britain.

I am directed to say that the High Commissioner for India has pointed out that it would greatly facilitate matters if any requests of local bodies in India for information from His Majesty's Government in Great Britain could be addressed to his office and not to that Government direct. He is always glad to assist in such enquiries so far as he is able and there are in his opinion obvious advantages in collecting through one source appropriately his office where the enquiry originates on behalf of India - information that may have to be obtained from more than one quarter. I am to suggest that, if the local Government / you see no objection, the offer of assistance made by the High Commissioner may be commended to the notice of the local bodies in the Presidency of Madras / etc.
